By email to: jody.law@patternenergy.com

Dear Mr. Law:

The Ministry of the Environment and Climate Change has reviewed the following spill prevention and response plan which was submitted in accordance with Condition L2 of Renewable Energy Approval (REA) No. 5272-A9FHRL, issued on June 29, 2016:

- *Spill Prevention Control and Countermeasure (SPCC) Plan for North Kent Wind Project, dated January 9, 2017, and prepared by RES Canada Construction (Ontario) LP.*

Pursuant to Condition L2 of REA No. 5272-A9FHRL, please accept this letter as written approval of the submitted spill prevention and response plan. North Kent Wind 1 LP is requested to ensure that the above-noted document is made available on the project website.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Moroney".

Michael Moroney
District Manager, Sarnia/Windsor District
Ministry of the Environment and Climate Change

cc. Mohsen Keyvani, Director, Section 47.5 *Environmental Protection Act*
Lane Chevalier, Senior Environmental Officer, Sarnia/Windsor District
