

Uplands Wind

Pattern Energy is developing Uplands Wind in Lafayette and Iowa Counties, Wisconsin.

Meaningful Partnerships

We believe in acting as a good neighbor through long-term engagement and giving. Pattern Energy equally commits to listening to and respecting the landowners and communities that host our projects through relationship building, open communication, and the reception of feedback. We encourage you to call or email our team to start a conversation.

Economic Investment

Represents a private investment of \$1 billion, bringing widespread economic benefits to the community.

.....

Job Creation

Creates 450–600 construction jobs, including equipment operators, electricians, laborers, and more. We prioritize hiring locally when possible. Once operational, 12–16 permanent staff will operate and maintain the facility.

.....

Business Opportunities

Creates millions of dollars of opportunity for local businesses to provide materials and services.

.....

Lasting Revenue

The project will make significant contributions to local government and services through taxes and other funding commitments supporting programs such as education and public safety. The facility is projected to provide on average \$2.4 million per year to local communities, totaling \$72 million over the first 30 years.

About Wind Energy

Wind energy provides local and sustainable electricity to the nation's energy mix. Today's wind energy technologies deliver affordability and reliability, making wind an ideal energy source.

Designed as a 600 MW wind energy facility, Uplands Wind will provide safe, affordable, and renewable electricity to power the needs of nearly 500,000 Americans yearly. We estimate construction will begin in 2024 with a goal of achieving commercial operation in 2025.

About Us

Pattern Energy is a leading renewable energy company. We develop, construct, own and operate high-quality wind, solar, transmission, and energy storage facilities. Our mission is to transition the world to renewable energy by sustainably developing and responsibly operating facilities safely and responsibly and respecting the environment, communities, and cultures where we have a presence.

Our approach begins and ends with establishing trust, accountability, and transparency. Our company values of creative spirit and energy, pride of ownership, follow-through, and a team-first attitude drive us to pursue our mission every day. Our culture supports our values by fostering innovative and critical thinking and a deep belief in living up to our promises.

Headquartered in the United States, Pattern has a global portfolio of more than 30 power facilities and transmission assets, serving various customers that provide low-cost clean energy to millions of consumers.
