

Limestone Solar

Pattern Energy is developing the Limestone Solar project in Union County, Pennsylvania.

Meaningful Partnerships

We believe in acting as a good neighbor through long-term engagement and giving. Pattern Energy equally commits to listening and respecting the landowners and communities that host our projects through relationship building, open communication, and the reception of feedback. We encourage you to call or email our team to start a conversation.

Economic Investment

Represents a private investment of \$80 million, bringing widespread economic benefits to the community.

Job Creation

Creates 60–120 construction jobs, including equipment operators, electricians, laborers, and more. We prioritize hiring locally when possible. Once operational, permanent staff will operate and maintain the facility.

Business Opportunities

Creates millions of dollars of opportunity for local businesses to provide materials and services.

Lasting Revenue

Provides local families with a new reliable income source through land leases and makes significant contributions to the community. The stable, long-term funding will contribute to education, community services, roads, and first responder capabilities.

Harnessing the Sun

Solar energy provides local and sustainable electricity to the nation's energy mix. Today's solar technologies deliver affordability and reliability even during peak electricity demand, making solar an ideal energy source.

Designed as a 80 MW solar energy facility, Limestone Solar will provide safe, affordable, and renewable electricity to power the needs of more than 55,000 Americans yearly. We estimate construction will begin in 2023 with a goal of achieving commercial operation in 2024.

About Us

Pattern Energy is a leading renewable energy company that develops, constructs, owns, and operates high-quality wind and solar generation, transmission, and energy storage facilities. Our mission is to transition the world to renewable energy through the sustainable development and responsible operation of facilities with respect for the environment, communities, and cultures where we have a presence.

Our approach begins and ends with establishing trust, accountability, and transparency. Our company values of creative spirit, pride of ownership, follow-through, and a team-first attitude drive us to pursue our mission every day. Our culture supports our values by fostering innovative and critical thinking and a deep belief in living up to our promises.

Headquartered in the United States, Pattern has a global portfolio of more than 35 power facilities and transmission assets, serving various customers that provide low-cost clean energy to millions of consumers.
