

Power Plant Approval 26322-D02-2021

Appendix 1 to Decision 26322-D01-2021	July 13, 2021
Enterprise Solar GP Inc. Enterprise Solar Project	Proceeding 26322 Application 26322-A001

Enterprise Solar GP Inc., by Application 26322-A001, registered on February 14, 2021, applied to the Alberta Utilities Commission for approval to construct and operate a 65-megawatt (MW) solar power plant, designated as the Enterprise Solar Project, in the Vulcan area.

Pursuant to Section 11 of the *Hydro and Electric Energy Act*, the Commission approved the application in Decision 26322-D01-2021,¹ and granted an approval to Enterprise Solar GP Inc. to construct and operate the power plant, subject to the provisions of the *Hydro and Electric Energy Act* and the *Alberta Utilities Commission Act*, any regulations made under the acts, any orders made under the acts, the Commission rules made pursuant to the *Alberta Utilities Commission Act*, and the following terms and conditions:

1. The power plant shall be located in Section 27, Township 16, Range 25, west of the Fourth Meridian and the south half of Section 26, Township 16, Range 25, west of the Fourth Meridian, as further described in the application.
2. The power plant shall consist of approximately 157,000 solar photovoltaic modules with a total generating capability of 65 MW. It would also include inverters, access roads and collector system cabling, as further described in the application.
3. The approval is subject to the following conditions which have been described in the decision:
 - a) Enterprise Solar GP Inc. shall use anti-reflective coating on the project solar panels.
 - b) Enterprise Solar GP Inc. shall file a report with the Commission detailing any complaints or concerns it receives or is made aware of regarding solar glare from the project during its first year of operation, as well as Enterprise's response to the complaints or concerns. Enterprise shall file this report no later than 13 months after the project becomes operational.

¹ Decision 26322-D01-2021: Enterprise Solar GP Inc. – Enterprise Solar Project, Proceeding 26322, Applications 26322-A001 and 26322-A002, July 13, 2021.

- c) Enterprise Solar GP Inc. shall submit an annual post-construction monitoring survey report to Alberta Environment and Parks (AEP) and the AUC within 13 months of the project becoming operational, and on or before the same date every subsequent year for which AEP requires surveys pursuant to Subsection 3(3) of Rule 033: *Post-approval Monitoring Requirements for Wind and Solar Power Plants*.
4. Unless otherwise authorized by the Commission, construction of the power plant shall be completed by January 31, 2023.
5. Enterprise Solar GP Inc. shall notify the Commission within 30 days of completing the power plant.
6. Enterprise Solar GP Inc. shall obtain Commission approval prior to making any substantive changes to the power plant or substantially varying the design or specifications of the power plant from what was stated in the application or what the Commission has approved.
7. This approval is not transferable unless approved by the Commission.

The Commission may cancel or suspend this approval, in whole or in part, in accordance with Section 41 of the *Hydro and Electric Energy Act*, or may review this approval, in whole or in part upon its own motion, or upon an application by an interested party, in accordance with Section 10 of the *Alberta Utilities Commission Act*.

The Commission may, within 30 days of the date of this approval and without notice, correct typographical, spelling and calculation errors and other similar types of errors and post the corrected approval on its website.
